

We are so sorry for your loss and understand that this is a terrible and painful time for your family.

Homicide Family Advocates (HFA) is a nonprofit organization dedicated to helping families who have lost a loved one to violent crime. Our volunteer advocates are former prosecutors who understand police investigations, prosecutions and the court system. We are here to assist your family, free of charge, through the challenges ahead, including by:

- providing information, resources and support
- making sure you get all you need from police, the prosecutors and the courts
- helping you communicate your concerns and priorities to the police, the prosecutors and the courts.

We hope you will let a Homicide Family Advocate begin to help you through this most difficult time. Please feel free to contact us when you are able. We are available for you 24/7.

Please call us at: 202-680-8403

Or email us at: HomicideFamilyAdvocates@gmail.com
